JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Week ended July 21, 1906. General sanitary condition of this port and the surrounding country during the week, fair.

Bill of health was issued to the following-named vessel:

Date.	Vessel.	Destination.	Number of crew.	Number of passengers from this port.	Number of passengers in transit.
July 19	Norwegian str. Freke.....	Charleston .....	15	0	0

Week ended July 28, 1906. General sanitary condition of this port and the surrounding country during the week, fair.

Bills of health were issued to the following-named vessels:

Date.	Vessel.	Number of crew.	Number of passengers from this port.	Number of passengers in transit.	Pieces of baggage disinfected.
July 25	Silvia .....	23	0	0	0
26	Spero .....	22	0	0	0

The steamship *Silvia* sailed from Preston and was fumigated by me at the request of the United Fruit Company, bound for New Orleans in ballast. The steamship *Spero* was also fumigated.

*Report from Cienfuegos—Inspection and fumigation of vessels—Malaria fever on steamship Madrileño.*

Vice and Deputy Consul Lombard reports, July 30, as follows:

Week ended July 28, 1906:

Four bills of health were issued to vessels bound for the United States, with 119 in crew. No passengers for the United States. The Spanish steamship *Pio IX* and the steamship *Madrileño*, of the same nationality, landed, the former 1 and the latter 8 steerage passengers at this port from Spain. The *Madrileño* also left in this port one of the crew suffering from malaria.

The Swedish steamship *Norman*, bound for Mobile, on July 25, and the Spanish steamship *Pio IX*, bound for New Orleans, on July 26, 1906, were both duly fumigated by the Cuban authorities at this port according to prevailing quarantine regulations.

The sanitary condition of these vessels was reported good; no sickness.

No quarantinable diseases reported at this port during the week.

*Reports from Habana—Inspection and fumigation of vessels—Dengue fever—Sanitary measures.*

Passed Assistant Surgeon von Ezdorf reports, August 1 and 2, as follows:

*Week ended July 28, 1906.*
